We believe in the value of arts based learning, and our philosophy and values make our programs a great choice for all. We offer the opportunity to learn in a positive environment that teaches the values of cooperation, respect, compassion, and integrity.

Classes are offered for a variety of ages: young children, school-age youth, adults. Classes are offered for a variety of learning levels: beginning and advanced. The majority of our classes are private, although we do offer some learning as group experiences.

Our program is also a great supplement to a homeschool program.

Our adapted learning classes are a wonderful enhancement for children with special needs.
